With winter temperatures in full swing, now might be the time to consider planning a quick warm-weathered getaway! Recently nominated by Travel and Leisure as "World's Best" Hotels in Florida, here are a few options to consider for a quick getaway. From Daytona Beach to Sarasota, these hotels are offering unique packages and programs to guests looking to try their hand at something new or indulge in an adrenaline-filled getaway.

The DAYTONA in Daytona Beach
Located directly across from Daytona International Speedway, The DAYTONA is a new Marriott Autograph Collection property with a design inspired by the area's iconic racing history. The property features an inspired design with features including vintage show cars on display, walls lined with vintage

odometers and vehicle blueprints, and a giant rotating sculpture above the check-in area known as "Wheel in the Sky." The hotel also features a full-service restaurant and bar, moonshine distillery partnership, and an outdoor pool area with a fire pit and private cabanas. Plus a prime location steps away from the famous raceway gives travelers access to more than 50 restaurants and retail outlets. For the ultimate adrenaline rush, book the NASCAR Rookie Experience package, which includes overnight accommodations, a NASCAR driving tutorial with 8 minutes of track time to practice your skills, and a bottle of Champagne afterwards back on property to mimic the classic raceway tradition when a bottle is poured over the winner. For more information, visit <https://www.thedaytona.com>
